## Disclosure Statement

Board of Directors (BOD) members who have a financial relationship with or are affiliated with companies or organizations about whose products or services they are reporting must disclose this information. If you, as a BOD member, have such an affiliation or financial relationship, a disclosure statement must be made publicly available on the CCIC website. The intent of this policy is not to prevent an individual from taking a leadership role in the organization; it is intended that any relationship should be identified openly so that all may form their own judgments about the CCIC with the full disclosure of the facts.
